

DatiCovid.Director.Andamento  
Nazionale

DatiCovid.Director.Regione

DatiCovid.IBuilder.totale\_casi

```
graph LR; A[DatiCovid.Director.Andamento Nazionale] --> C[DatiCovid.IBuilder.totale_casi]; B[DatiCovid.Director.Regione] --> C;
```

The diagram illustrates a data flow or dependency. On the left, there are two rectangular boxes. The top box contains the text 'DatiCovid.Director.Andamento Nazionale' and the bottom box contains 'DatiCovid.Director.Regione'. Both boxes have black borders. On the right, there is a single rectangular box with a gray fill and a black border, containing the text 'DatiCovid.IBuilder.totale\_casi'. Two blue arrows point from the right side of each box on the left to the left side of the box on the right, indicating that both 'Andamento Nazionale' and 'Regione' data sources contribute to the 'totale\_casi' output.
